To Whom It May Concern:

Please consider this a formal letter of recommendation for Champion Builders. I have had the pleasure of working with Champion Builders for many years on many commercial construction projects. Their company has proven time and time again to be reliable and professional in all phases of the construction process. They are diligent from the start during bidding phase straight thru project completion; always maintaining construction costs, schedule, and the Architectural integrity of each project.

Working with Champion Builders is always an excellent experience and I would highly recommend them for any construction project. If you have any questions, please give me a call.

Sincerely,

Kimberly Rosentel, AIA
Principal / Architect
